makes a difference

POWER MEETS PORTABILITY.

Welcome to the world of high pressure cleaning.

PROFESSIONAL | HD 7.9/72-4 CAGE EC

HD 7.9/72-4 Cage EC

Maximum power in a minimal package.

The HD 7.9/72-4 Cage EC high pressure cleaner delivers 7.9 gallons per minute at a powerful 7,200 PSI. It features a simple on/off dial and automatic pressure relief valve, making it easy to use, while delivering the most powerful cleaning performance in its class for a variety of applications.

1 Pressure relief valve

- Pressure relief valve reduces pressure in the hose so it remains flexible when the trigger gun is closed
- Pressure is built up slowly when pulling the trigger gun to prevent immediate impact on shoulder and cleaning surface
- Protection from pressure spikes during operation

2 Outstanding mobility

- Large wheels and an optimum center of gravity makes transportation easy despite its size
- Crane hook allows simple loading and unloading
- Brakes guarantee safety during operation or transport

3 Intelligent features

- Standard dry run protection of the pump with indicator light
- Soft-start limits the current during startup preventing pump damage or tripping of circuit breakers
- Large water filter ensures long service life of the pump

4 Ease of use

- On-board storage for all accessories
- Simple operation with one simple on/off dial
