2216 SERIES

A powerful punch bundled in a compact package

2216 SERIES

A powerful punch bundled in a compact package

The 2216 Series is a compact top-load automatic, aqueous parts washer with a 22" turntable and 16" work height that fits most commercial applications. It features a 1 HP mechanical seal with flush tube style pump.

Aqueous parts washers clean faster and better without using harmful solvents!

Cuda automatic parts washers provide a safe and efficient solution to cleaning parts because they don't use harmful cleaning solvents to clean. Our automatic parts washers also provide a time-saving, easy parts cleaning solution for your staff allowing them to simultaneously clean parts while performing other tasks.

1 Automatic Low-Water Shutoff

- Safeguards heating element from undue wear.
- Instantly turns the parts washers off if the water level drops too low.

2 Oil Collection

- Built-in oil skimmer and optional oil drain container removes and collects oil from cleaning solution in sump.

3 Customize and Accessorize

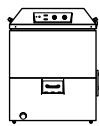

- Customize your parts washer to your specific needs, like this pneumatic power brush, so washing becomes the easiest part of the work day.

4 Detergents Extend Your Warranty

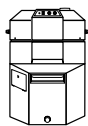

- The 90-day labor warranty for all Cuda Kärcher Group parts washers is automatically extended to a 1-year labor warranty with exclusive use of our solvent free detergents. Our parts washers are also covered by a 1-year parts warranty.
